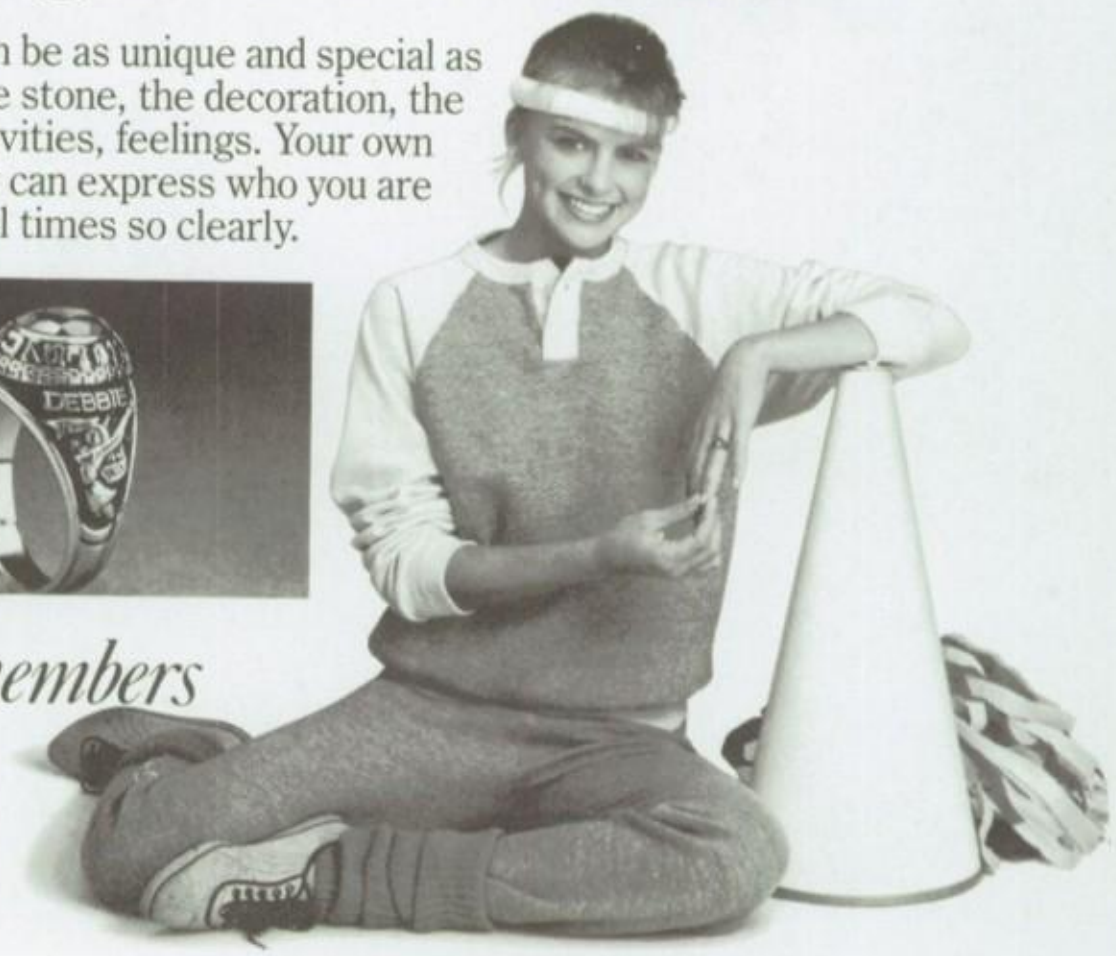
Nobody's memories are quite like yours. Nobody's class ring should be either.

When your class ring is from Balfour it can be as unique and special as you are. Because *you* choose the style, the stone, the decoration, the engraving–to express *your* interests, activities, feelings. Your own personal class ring from Balfour. No other can express who you are so exactly. Or help you recall those special times so clearly.



Balfour® *No one remembers in so many ways.*
